Kentucky Baptists.

According to statistics furnished at the recent session of the General Association of Kentucky Baptists held at Cynthiana, the Baptists in the State now number two hundred and twenty thousand members, one thousand seven hundred and thirty-eight churches. About one thousand one hundred ministers. The workers under the State Board in the mission territory of the State report nearly four thousand baptisms and something like five thousand accession to the churches by Baptism and by letters from other churches. The churches have contributed over one hundred and sixty thousand dollars for home, state and foreign missions. About thirty-five thousand dollars for home missions, over fifty thousand dollars for foreign missions and about seventy-five thousand dollars for State missions. The State Board has assisted seventy-five weak churches to build houses of worship.

Ice Company to Make Improvements.

To meet the demand of its rapidly growing business the Paris Ice Manufacturing Company has signed contracts for the installation of a fifty ton ice machine which is to take the place of the twenty-ton machine that has been operated for some years.

The new machine, which is of the latest and most improved type will have a producing capacity of fifty tons of ice every twenty-four hours. It is expected the new improvements will be completed and the plant will begin operations about the first of May.

With the addition of this new machine, the Paris Ice Company will then be in a position to supply the demands of Paris and Bourbon county as well as Harrison and Nicholas and other adjoining territory, and will even then have a big margin left even in the hottest weather.

With Mr. Phil Nippert, Sr., at the helm of this progressive concern the business has advanced steadily year after year. The business has grown greater in volume under his able management and many improvements made to meet the demands of the public.
